

Central East Prehospital Care Program

MEMORANDUM

TO: All City of Kawartha Lakes, Haliburton, Northumberland, Peterborough and York Paramedics

FROM: Dr R. Vandersluis
Chair, Medical Advisory Committee CEPCP

DATE: 2010 12 16

RE: 2010 Self Study Package #2

The second self study package for 2010 is now available and it addresses the topic of Medical Devices including dialysis, glucometers and Left-Ventricular Assist Devices (LVAD). The reading and questions can be found on our website at http://www.cepcp.ca/main/paramedic_selfstudycurrent.html. As with the first package this year, upon completion of the reading and the questions, you can submit your assignment electronically through the web site at which time it will automatically send you an email confirmation that we have received it. Note – the email will contain a copy of your submitted assignment for your files.

In an ongoing effort to reduce the amount of natural resources utilized in these efforts, we are not supplying print copies to everyone, but should you require one, please contact the office and we will have one mailed to your home address.

Due to the late release date of the package, and the pending distractions of the Christmas holidays, the due date for submission will be **Wednesday February 2nd, 2011**. Please make careful note of this date as there will be no extensions provided this year.

Once again, the submission of this self study package is mandatory and your sole responsibility and is to be submitted to us directly. If you do not submit electronically, please call the office to ensure the assignment has been received.

Please contact our office should you have additional questions or concerns.
